How long have you smoke for?		Do you consume alcohol?	☐ Yes	☐ No	If yes, state type and quantity:					

If you have any chronic medication queries please contact Customer Care on 0861 888 662.

Funding from the Chronic Medication Benefit is subject to clinical entry criteria, the medication acquisition rules and formulary determined by Affinity.

Please Note: Affinity adopts a medication reimbursement policy adhering to the single exit pricing structure for all generic and brand name medication. This policy will be implemented at all points of service across all benefits and no exception shall be made, unless prior authorisation has been obtained from Affinity.

Should a "non-preferred" medication be required to treat an approved chronic condition, your GP is required to give motivation for this medication via the Medication Appeals Procedure. Medication not pre-authorized as chronic by Affinity may not be eligible for reimbursement from the Chronic Medication Benefit.

I hereby give permission for the GP to provide Affinity with my diagnosis and other relevant clinical information on this form.

By applying for the Chronic Medication Benefit, I agree that my condition may be subject to disease management interventions.
